EXPERIENCE

FULL-STACK ENGINEER

Nuqlea | July 2022 - Dec. 2022

- Worked on a new internal tool that commercial agents used to assist and keep track of sales and clients.
- Mantained and extended the functionalities provided by the microservices used for the internal tools.

Worked with tech solutions such as React, Next.js, NestJS, Cypress and Bit.

FRONT-END ENGINEER

Nuqlea | Aug. 2021 - July 2022

- Worked on a new project with a cross-organizational team where I was in charge of the front-end development for a BI tool used by associated partners and shareholders of the company.
- Participated in a migration project where we moved from a monolithic marketplace to a new eCommerce platform with a service-oriented architecture.

Worked with tech solutions such as React, Next.js, Tailwind, MaterialUI, JSS, React Query, Redux and Recoil.
